NHS Test and Trace: COVID-19 testing for Staff and Students

Dear parent or carer,

You may have heard that testing for those without coronavirus symptoms is beginning across the country using new, quicker COVID-19 tests known as 'lateral flow devices'. This letter is to help give you more information about the testing programme in our school.

Up to one third of people who have coronavirus are asymptomatic. By testing we will help to reduce the spread in school and college settings through asymptomatic transmission. I am therefore strongly encouraging those returning to school to be tested.

Plan for testing

We aim to test as many staff and students as possible. Testing will start on Monday 11th January for staff and students who are attending school during the lockdown period. Further testing will commence when students return in February. In addition, any staff member or student who has come into contact with positive cases in our school can be tested daily for seven days to allow them to remain in school.

How the tests work

Those taking the test will be supervised by trained staff and volunteers. The lateral flow tests are quick and easy to undertake, using a swab of the nose and throat. We recognise that the self-swabbing part of the test may cause significant concerns for some children and young people with SEND and their families. Some of these concerns may be alleviated by discussing them with school and agreeing strategies to help reduce anxiety.

Results (which take around half an hour from testing) will be shared directly with the individual participant. The school will inform the student of a positive test result. Where participants are under 16, parents or legal guardians will also be informed. The student will also receive a text or email notification of a positive or negative result from the online NHS system. Tests are free of charge and I enclose further information:

What if my child tests positive?

If a student tests positive on a lateral flow device, they will be informed immediately by school and will need to self-isolate. They will also need to take a further 'PCR test' to confirm the result. This should be on the same day or as soon as possible afterwards. School will be able to provide these PCR test kits to perform at home.

Headteacher: Ms Sonia Singleton
Deputy Headteacher: Mr Ben Rackley
Assistant Headteachers: Mr David Allard, Mr Dean Baines, Mr Ed Wilson
Telephone: (0116) 2717421 Fax (0116) 2720148
Email: admin@gartree.leics.sch.uk Website: www.gartree.leics.sch.uk

During the time while waiting for the PCR result via text or email they will need to self-isolate. If the PCR test returns a positive result they will have to continue to self-isolate and follow the guidance from NHS Test and Trace.

What happens if the test is negative?

While a small number of students may need to repeat the test if the first test was invalid or void for some reason, students who test negative will be able to stay in school and resume their activities as normal. Students will be informed of negative test results via text/email. Where participants are under 16, parents or legal guardians will also be informed.

What if staff or students have been in close contact with someone in school who tests positive?

The staff member or student will be notified that they are a close contact by the school. If close contacts agree to be tested each day for a maximum period of 7 days, and they test negative every day, they will be allowed to remain in school. There may be instances where close contacts are also contacted by NHS Test and Trace. In this instance they should notify NHS Test and Trace that they are a close contact through school and are participating in daily contact testing.

What if my child develops symptoms?

This testing programme at school is for people with no symptoms. If your child develops symptoms at any time (including a high temperature; a new, continuous cough; or a loss or change to their sense of smell or taste) they must immediately self-isolate and book a test by calling 119 or visiting <https://www.gov.uk/get-coronavirus-test>.

We will support our staff and students throughout, but please contact us if you have any questions. You can contact the office by email admin@gartree.leics.sch.uk or a member of our team will be available to answer any questions you may have between 8:15 and 9:15 on Monday 11th January.

Yours sincerely,

Sonia Singleton
Headteacher
